

IS Liquidity Fund

Government and cash

Objective and investment policy

IS Liquidity Fund is a UCITS mutual fund that invests in deposits, bills and securities issued by financial institutions as well as bills and securities issued or guaranteed by the Icelandic Government. The Fund may also invest in municipal securities. The estimated duration of the fund is 1 month to 1 year. High proportion of deposits in the Fund's investment strategy minimizes fluctuations. The fund may own as much as 10% in liquid assets to meet redemptions or temporarily due to market circumstances. The fund may also invest in financial instruments linked to bonds, i.e. derivatives, but no more than 10% of its total assets. That authorisation applies only to government bonds.

Risk and disclaimer

Various financial risks are always related to investment activities, such as the risk of no yield or the risk of losing the capital invested. It should further be noted that international investing includes risks related to political and economic uncertainties as well as currency risk. **Past performance does not indicate nor guarantee future performance of an investment.** The Fund seeks to diversify its investments and minimise fluctuations on the price of the Fund as a result of market situation. Investing in the Fund does involve risk. The Fund's price can decrease as well as increase. The price and return of the fund reflects market fluctuations, if interest rates rise, bonds at a fixed income rate drop in value and bonds with long maturities drop more than short-term bonds, based on the same changes in yield. Investment in mutual fund is, however, less risky than investments in individual securities. Investors should bear in mind that investing in a mutual fund does involve risk, the value of assets in a fund may at some point be lower than earlier point during the period of ownership. Each investor's investment objectives and financial situation is different. Before making an investment decision, it is important to seek expert advice and familiarise oneself with the investment market and different investment alternatives. Investors are encouraged to familiarise themselves with the IS Liquidity Fund - Government and Cash prospectus, especially regarding risk. The funds prospectus and simplified prospectus are available on www.isfunds.is
